

#ILikeItDigital

FRIENDLY PEOPLE.  
GOOD IDEAS.

dotSource®

## PHP Developer (f/m/x)

dotSource, that's over 300 digital natives with one mission: designing digital customer relations. We've been supporting businesses in their digital transformations since 2006. Whether e-commerce and content platforms, customer relationship and product data management, or digital marketing and artificial intelligence: in line with our claim »Digital Success right from the Start«, we develop and implement scalable digital products. Companies like Esprit, EMP, BayWa, Axel Springer, hagebau, C.H. Beck, Würth and Stabilo trust in our competence. Learn more at [www.dotSource.com](http://www.dotSource.com).

### 6 REASONS, WHY YOU SHOULD JOIN DOTSOURCE:

From the first moment:  
Exciting projects with well-known clients, provocative tasks, and responsibilities.

Drinks, fresh fruit, table soccer, team events, and office parties. A fun, familiar feeling.

Steady chances to learn more through further development and actively shape dotSource's growth.

dotSource Bootcamp gets you ready for your role quickly.

We take your work-life balance to heart. Expect flexible working times, time accounts, fitness subsidies, and much more.

And the most important thing:  
**WE'RE LOOKING FORWARD TO YOU!**

More on [www.dotSource.com](http://www.dotSource.com)

### WHAT YOU CAN EXPECT:

- Support and development of e-commerce projects based on PHP (Magento, Shopware, Typo3, Zend Framework, Symfony) in an interdisciplinary team
- Analysis and creation of requirement definitions
- Conception and design of web applications and interfaces
- Continuous optimisation of development processes

### WHAT WE EXPECT:

- Successfully completed degree in computer science or comparable technical qualification/training
- Very good knowledge in PHP, OOD, HTML, XML, CSS, JavaScript
- Knowledge in the field of database management systems
- Dealing with common development tools such as Eclipse, PHPStorm
- Ideally knowledge of automatic testing with PHPUnit, XLT, Selenium
- Safe handling of Windows and Linux operating systems
- Good German language skills
